HAND PALLET TRUCK

HAND PALLET TRUCK

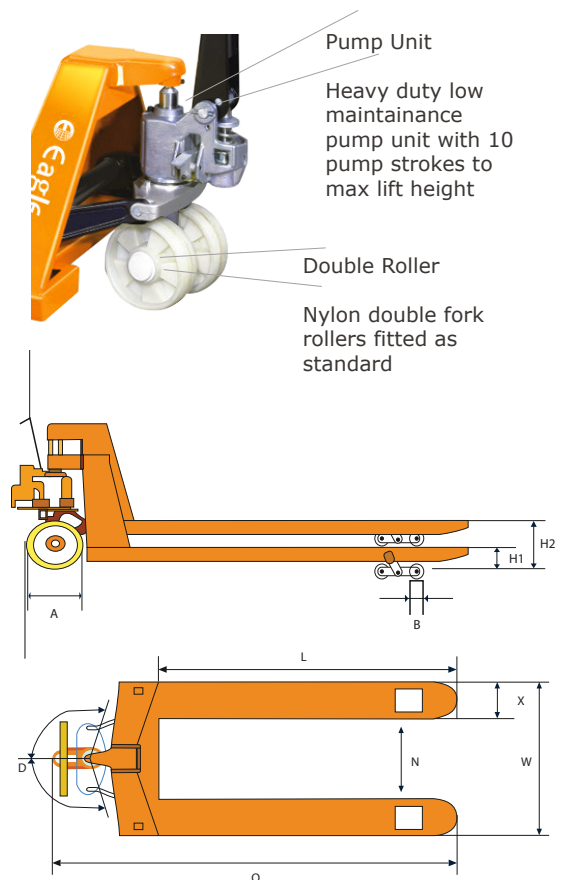

Our range of hand pallet trucks offer a durable and low maintenance product with a proven track record at an economical price. Many features such as double fork rollers, Polyurethane wheels release operation controls are included as standard.

The frames are made from a heavy grade steel construction and finished in an epoxy powder coated paint that offers greater Anti-corrosion resistance. Polyurethane wheels are generally the most popular wheel type and are cast wheel with a polyurethane tyre around the outer, this wheel gives a better grip on smooth floors and is quieter running than Nylon.

This softer wheel type also tends to be better for use on delicate flooring (finished floor surface). Industry standard size for lifting open and close bottom pallets of various sizes.

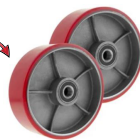

Excellent hydraulic pump unit for low maintenance.

- ✓ Excellent hydraulic pump unit for low maintenance.
- ✓ Heavy duty steel construction with epoxy powder coated finish to give greater anticorrosion resistance.
- ✓ Three position trigger Lifting-neutral-Lift. Nylon double fork rollers and standard wheels.
- ✓ Specially designed of lift most pallet sizes in use.
- ✓ Bullet connection between steering shaft and pump piston.
- ✓ Number of pump strokes to full (Lift height per full stroke 12mm).
- ✓ Reliable oil leak-proof hydraulic system.
- ✓ Easy to manoeuvre with 180 degrees turning radius.
- ✓ Grease fittings at all pivotal points ensuring long life and easy maintenance.
- ✓ Special lowering valve to control the rate of descent and over load by-pass valve to make the trucks durable.
